Advance Your Career with a Graduate Degree

Higher earning potential

More job opportunities

Greater professional
credibility

Growth within your
organization

Critical thinking & analysis

Recognition as an expert

International networking

Scientific publications

Teaching & research
opportunities

Research Modality

All Master's and Doctoral candidates develop an original thesis or dissertation, individually authored, under the guidelines of the Inter-University Programs Department.

Recommended Research Duration

1 YEAR

Executive MBA

2 YEARS

Master's Degree (MSc / MA)

3 YEARS

Doctorate (PhD / DBA)

Skills in Focus

- Independent research
- Critical thinking
- Time & project management
- Effective communication

Off-Campus Research

You can advance your thesis or dissertation remotely, without needing to reside in Mexico, with ongoing academic support.

Admissions Process

Requirements

- A complete, signed admissions application
- Copies of degrees, diplomas, and certificates
- Academic transcripts
- Resume or CV
- 2 passport-size photographs
- 2 academic reference letters
- Interview (for graduate programs)

After Your Acceptance

- A welcome letter with your course instructions
- Your student ID number
- A personalized study plan
- Support from an academic advisor

Before Submitting Your Documents

All documents must be submitted in original and copy; those issued abroad may require an Apostille or consular legalization.

Graduation & Diplomas

Diploma Supplement

A five-page document that accompanies the degree with a standardized description of the studies completed, making it easier to compare abroad.

Legalization

Degrees can be legalized through an Apostille or consular attestation, depending on the graduate's destination country.

“A university focused on every student’s potential, guided by the principles of truth, justice, and honesty.”
